Contact director for availability*

### **An important note on fees:**

Our sliding scale pricing allows families of all income levels to access our high-quality program. We rely on your honesty in self-selecting the fee that corresponds with your annual household income. **Please contact us if your income changes and we will adjust your fee accordingly.**

In order to maintain financial sustainability, we may need to limit enrollment at some pricing levels. The director will contact families to confirm their monthly tuition after receiving enrollment paperwork.
